

Your Ideal Place for Metals

Delta Misr Company is your professional successful partner for international trade in ores, Ferro alloys, noble alloys, minerals and metals, worldwide. Our strength is based on innovation and flexibility. We deliver raw material dedicated to metals industry such as Ores, Steel Scrap, Graphite Electrodes, Ferro Alloys, Non-Ferrous & Metals , Master Alloys, Carbon Material, Minerals & Chemical, Semi & Finished Products, etc. and our main customers are Iron & Steel, Foundry, Copper, Aluminum, Foundry and Refractory producers.

We have managed to create for our company a certain image based on the impact and the reputation we have gained on the Egyptian and the other oversea markets, being acknowledged as responsible and efficient partners with well-established relations with our customers, manufacturers and traders. For the last three decades we have supplied them with raw materials on a regular and consistent basis.

We have a considerably wide range of products already existed in our warehouse ready to cover our customers' emergency needs as well as the wholesalers' on the local market. We might say that the quality of our services and the eagerness of satisfying our customers' requests have enabled us to have a quick and successful entrance on the market.

Our **Quality** policy based on our customer as he is the most important visitor on our premises.

- He doesn't dependent on us, We depend on him.
- He doesn't interrupt our work, He is the purpose of it.
- He is not an outsider on our business, He is part of it.
- We don't do him a favor by serving him, He does us a favor by giving us the opportunity to do it so.

Our **Goal** is to offer qualitative products, excellent service, absolute reliance, competitive prices and a real business partnership. Our customers can be sure they are going to work with a competent and experienced team that is able to combine efficiency and professional knowledge with new technologies and facilities, always keeping a close contact with markets from all over the world.

Our **vision** is based on a fact that we might not be best but we are looking for getting to the top, we consider the world is our market by achieving the hard equation as :

Delta Misr Company = Honesty + Credit + Trust + Reliance + Creation

Products Range

Carbon Materials

:

- Anode Paste
- Anthracite Coke
- Anthracite filter
- Calcined Pet Coke
- Carbon Block
- Carburizer / Carbon Additive
- Cathode Blocks
- Coal Tar Pitch
- Coke Breeze
- Cold-Hammering Paste
- Electrode Paste
- Foundry Coke
- Graphite Block
- Graphite Crucibles
- Graphite Electrodes (RP- HP- SHP-UHP) grades
- Graphite Powder (Natural , Synthetic)
- Graphite Scrap
- Green Petroleum Coke
- Metallurgical Coke

Ferro Alloys

:

- Ferro Aluminum
- Ferro Boron
- Ferro Calcium Silicon
- Ferro Chrome
- Ferro Manganese
- Ferro Molybdenum
- Ferro Nickel
- Ferro Niobium
- Ferro Phosphorous
- Ferro Silicon
- Ferro Silico-Chrome
- Ferro Silicon-Magnesium
- Ferro Silicon-Manganese
- Ferro Sulphur
- Ferro Titanium
- Ferro Tungsten
- Ferro Vanadium

Master Alloys

:

- Aluminum boron
- Aluminum Chromium
- Manganese
- Titanium

Measuring Devices

:

- Instruments
- Thermocouples
- Tools
- Samplers
- Aggregates

Minerals & Chemicals

- Alunite
- Barite
- Borates
- Brines (K, B, Li, I)
- Cadmium Sulfide
- Cadmium - Telluride
- Carbonates
- Caustic Soda
- Chlorine
- Chromite
- Clays (Bentonite, Kaolin)
- Diatomite
- Dimension Stone
- Dolomite
- Feldspar
- Garnet
- Graphite
- Gypsum
- Iron (Ochre, Magnetite)
- Lime
- Limestone

- Nahcolite
- Nepheline Syenite
- Olivine
- Perlite
- Phosphate
- Potash
- Rare Earths
- Salt
- Silica Sand
- Soda Ash (Trona)
- Sodium Bicarbonate

- Sodium Sulfate
- Strontium
(Celestite, Carbonate)
- Sulfur
- Sulfuric Acid
- Talc
- Titanium
- Tripoli
- Vermiculite
- Wollastonite
- Zeolite
- Zircon

Minor Metals

- :
- Antimony
 - Arsenic
 - Beryllium
 - Bismuth
 - Cadmium
 - Calcium
 - Chromium
 - Cobalt
 - Gallium
 - Germanium Dioxide
 - Germanium Metal
 - Hafnium
 - Indium
 - Lithium
 - Magnesium
 - Manganese
 - Mercury
 - Molybdenum
 - Niobium
 - Polysilicon - solar grade
 - Promethium
 - Rhenium
 - Scandium
 - Selenium
 - Silicon
 - Strontium
 - Tantalum
 - Tellurium
 - Titanium
 - Tungsten
 - Uranium
 - Vanadium
 - Zirconium

Non-Ferrous & Metals

- :
- Aluminum
 - Copper
 - Brass
 - Lead
 - Nickel
 - Tin
 - Zinc
 - Magnesium Metal
 - Metallic Manganese
 - Silicon Metal

Ores

- :
- Chrome Ore (Fine, Pellets, Lump)
 - Hot Briquetted Iron
 - Iron ore (Fine, Pellets, Lump)
 - Manganese Ore (Fine, Pellets, Lump)
 - Pig Iron (Basic, Nodular, Foundry)

Refractories

- :
- Alumina Silicate & High Alumina Bricks
 - Blast Furnaces, Hot Blast Stoves & Reheating Furnaces Refractories
 - Castable & Mortars
 - E.A.F, Ladle, Tundish & Torpedo Refractories
 - Fire Clay Bricks
 - Fused Cast Refractories
 - Insulation Fire Bricks

Steel Scrap

:

- HMS 1,2
- Mixed
- shredded
- Used Rails

Steel Products

:

- Carbon Steel Sheets & Coils
- Construction Steel (Reinforcing Bars, Angles, Beams...etc.)
- Galvanized Steel Sheets & Coils
- Stainless Steel Bars
- Stainless Steel Sheets & Coils
- Steel Billets 5 SP/PS , 3SP/PS

Delta Misr Company

Address : 19, Maahad Nasser Street,
10th of Ramadan Towers,
Building No.3 - 16th Floor,
11231 Cairo, Egypt
